PIAZZA ITALIANA

"Wine is one of the most civilized things in the world and one of the most natural things of the world that has been brought to the greatest perfection, and it offers a greater range for enjoyment and appreciation than, possibly, any other purely sensory thing."

ROBERT M. PARKER

By 1975 Robert M. Parker`'s began to think about writing about wine and commencing his own "independent, consumer's guide". The first issue of The Wine Advocate was published in 1978 and there was less than 600 subscribers. Today The Wine Advocate has over 50 000 subscribers in every state in the United States, and in over 37 foreign countries.

Wine Advocate takes a hard, very critical look at wine, since I would prefer to underestimate the wine's quality than to overestimate it. The numerical ratings are utilized only to enhance and complement the thorough tasting notes, which are my primary means of communicating my judgments to you.

RATE SYSTEM

96-100:

An extraordinary wine of profound and complex character displaying all the attributes expected of a classic wine of its variety. Wines of this caliber are worth a special effort to find, purchase, and consume.

90 - 95:

An outstanding wine of exceptional complexity and character. In short, these are terrific wines.

80 - 89:

A barely above average to very good wine displaying various degrees of finesse and flavor as well as character with no noticeable flaws.

JANCIS ROBINSON

Decanter magazine describes Jancis Robinson as 'the most respected wine critic and journalist in the world'. Her most recent book is also her shortest, a practical guide to the essentials of wine, *The 24-Hour Wine Expert*. She travels all over the world to conduct wine events - often for the global literacy initiative Room to Read - and act as a wine judge. She loves and lives for wine in all its glorious diversity, generally flavoring balance and subtlety over sheer mass.

HACHETTE

The Guide Hachette des Vins is a French wine buying guide published by Hachette Livre (Hachette Pratique). The Guide uses blind tasting panels to evaluate wines by appellation. Each year 40 000 wines are tasted blind and rated by experts. Wine tastings are organized locally in each region between January and May. Blind tasting sessions composed of panel wine professionals (enologists, wine merchants, wine brokers, sommeliers) are organized with the Syndicat Viticole or Winegrower's Syndicate of each appellation present in the guide.

MUNDUS VINI

Mundus Vini, founded as late as 2001 by the international wine academy, has been a large, international success from the very beginning. Despite the wine prize being hosted in Germany, the Mundus Vini is a competition for wines from all cultivation areas worldwide. The founders of the Mundus Vini Award want to promote the quality and marketing of the submitted wines. Additionally, the Award is a great opportunity to compare the wines among themselves and to introduce the public to one or two gems. The tastings at the Award are carried out by a judge panel which is constituted by German and international wine experts, wine analysts, specialized merchants, sommeliers, specialized journalists and the buyers from the most important businesses. The rating system of Mundus Vini is as follows:

RATE SYSTEM

Mundus Vini Grand Gold:

at least 95 points – absolute high quality wine

Mundus Vini Gold:

at least 90 points – excellent wines of particular quality

Mundus Vini Silver:

at least 85 points – very good wines
